for higher education practices aiming at the identification of core foresight and innovation/entrepreneurship competences

Guidelines: The aim of this template is to identify core foresight and innovation/entrepreneurship competences in relation to knowledge, skills and social competences that a future-oriented manager should possess. The source of data for the analysis are syllabuses from subjects such as foresight, technology management, entrepreneurship and innovation (or closely related to) retrieved from the accessible databases embracing both public and private universities or other tertiary educational institutions. The number of the syllabuses to be analysed is motivated by their availability.
